

Dust in the Wind Guitar Chords and Tabs

Hi, hope you enjoyed the video, I know it was massive and long, but it'll really be worth it, since Dust in the Wind is one of those songs you'll be playing over and over for many years to come. It is fairly straight forward actually, once you learn the chord changes and the picking pattern, you'll have it down in no time at all.

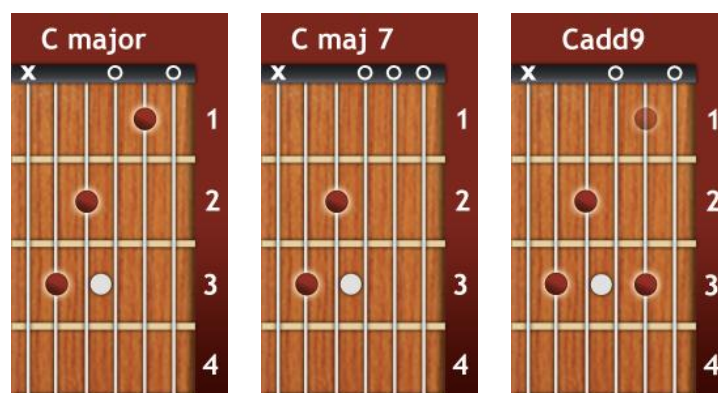

Make sure you listen to the original recording, and also keep in mind that the backing track is on the lesson page as well.

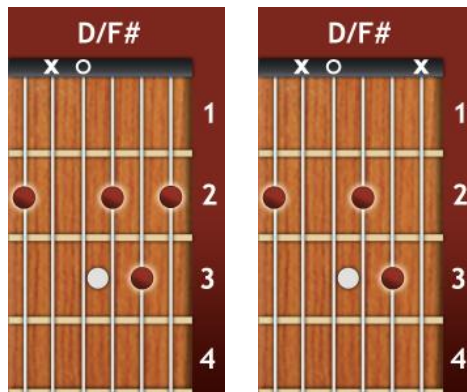

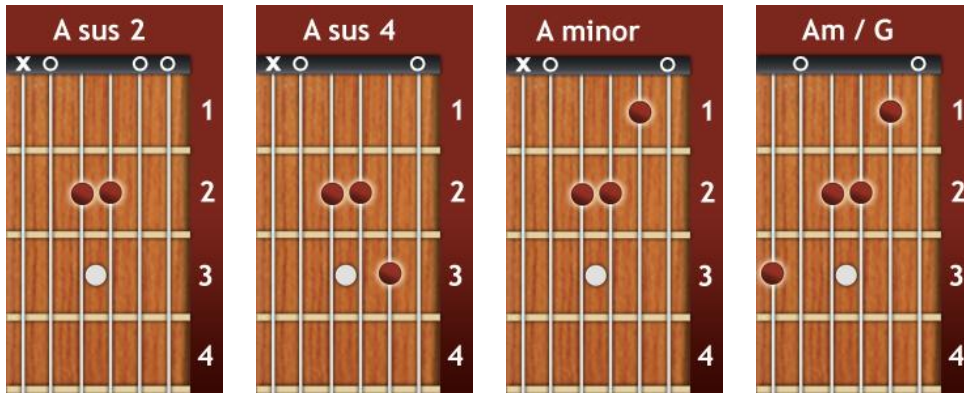

If you missed the video guitar lesson, make sure you watch it here:

Chords

These are the chords you'll be using during the Dust in the Wind:

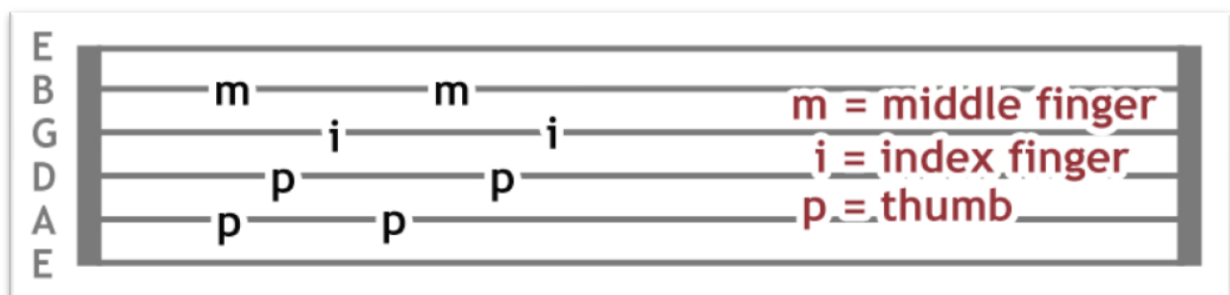

Picking Pattern

Keep in mind that some of the chords require a slightly different picking pattern, meaning that you'll need to play the lowest string of each chord (which won't always be the A string), and also the highest string (which won't always be the B string).

Sequence of Parts

Here is the sequence of chords to Dust in the Wind. The song is in 4/4 time, you play 2 rounds of the picking pattern per bar.

Have fun, practice a lot and I'll see you in the next lesson!
